

INTERNATIONAL STUDIES EXPO

Dear Academic Advisors, Teachers, Parents, Students and Partners,

The International Studies Expo 2026 will take place on 28 & 29 March at the Cyprus State Fair from 14:30 until 19:30. Entrance is free.

The aim of the Exhibition is to help students make the right decisions in what, where and how they will study for the bachelor's or master's degree of their choice.

The exhibition hosts Universities, Colleges, Schools, Institutes, Consultants and Study Guides from Cyprus, Europe and beyond, promoting both established and new disciplines and study destinations. Visitors will also be able to find out what they need about admission and living costs for a bachelor's or master's degree at Universities and Schools.

During the exhibition, visitors will be able to attend interesting seminars on new and established disciplines and study destinations, or scholarships free of charge. You can have a look at the seminar schedule on our Facebook page www.facebook.com/InternationalStudiesExpoCY

We will appreciate it if you could forward this letter via email to parents and students. Furthermore, we are kindly asking you to share the flyer on the school's social media/webpage and on any other way you believe is beneficial.

We would also ask you to inform students and parents and forward our lectures schedule especially to senior students that might be interested in studying in a specific country or field of studies.

It is important that students are informed in due time about both the exhibition and the lectures.

Thank you in advance for your positive response.
If you require any further clarification do not hesitate to contact us.
